

TEAM MATCH IS WON BY FIFTH REGIMENT

First Team of First Infantry
Came Second and First Team
of Second Infantry Third.

With a score of 2,377 the first team of the Fifth regiment won the team matches which were concluded yesterday at the rifle range at Fort McPherson, where the state shoot is being conducted this week. Individual matches at 200 and 300 yards were also completed. Shooting at 400 and 500 yards, rapid fire, will commence Thursday morning and will be the final feature of the shoot.

The second and third ranking teams and the trophies they won were: First team of the First Infantry, score 2,172, winner of the Chandler trophy, and first team of Second Infantry, score 2,124, winner of Paxon trophy.

The ranking scores of the other competing teams were, fourth team of second squadron of cavalry, 2,229; third team of separate battalion of infantry, 2,285; coast artillery team, 2,181; second team, Fifth Infantry, 2,147; second team, First Infantry, 2,147; and second team, Second Infantry, 2,132.

In the matches at 200 yards, rapid fire, Corporal Smith won over Lieutenant Howland with a score of 48 to 47. He was awarded the Bluebonnet medal. The individual matches at 300 yards were hotly contested. The first team tied on the first round with perfect score. On the second round, Sergeant Alexander, of Savannah; Sergeant Hudson, of Atlanta; and Private Hale, of Windsor, made a perfect score. In the fourth round Hale defeated Hudson with a score of 49 to 42. Hale was awarded the Scott medal.

DELK DISAPPEARS AFTER JURY SERVICE

An anxious wife at 4144 West George Delk, a machinist of 4100 West Avenue, Delk, who came back home. Delk was selected to serve upon a jury in city court last week and, after two days' service, disappeared. Mrs. Delk appeared yesterday morning at the courthouse, asking the county police to search for him.

The encountered Deputy Clerk George Huber, who told her that, in event she did recover her husband, to tell him that a jury was awaiting him for his two days' service.

CALLED INTO ALLEY AND ROBBED BY NEGRO

M. W. Warren, a fruit grower from Cartersburg, Ga., was assaulted and robbed of \$15 in an alley off Ivy street Wednesday morning. A negro called him into the alley and after hitting him in the head with a bottle rifled his pockets.

Police headquarters was notified and search is being made for the assassin.

SAYS WIFE LEFT HIM IN LESS THAN YEAR

Desertion within the first year of marriage is sufficient ground for divorce, according to Alexander Latham, who said Mrs. Louise Latham yesterday afternoon on the ground that she tired of him before the twelve months of their domestic life had passed. He charges that her whereabouts are unknown.

ATLANTA MILK LAWS WILL BE ENFORCED RIGIDLY IN FUTURE

In furtherance of the campaign of the city health department to make Atlanta's milk supply purer, a letter was sent Wednesday to all dairymen in Fulton county and other sections of the state who furnish milk to local retailers, notifying them that beginning September 1, the laws would be rigidly enforced.

The communication is signed by Dr. J. P. Kennedy, city health officer, and Dr. Claude A. Smith, director of the laboratory of hygiene, and sets forth that all dealers will be forced to comply with the law placing the bacterial limit at 100,000 per cubic centimeter.

The communication, in part, follows: "Since the first of the year we have mailed to you each month a report showing you the analysis of your milk. This has been done to give you an idea of the class of milk delivered by you. The class of milk allowed by the law (100,000 per cubic centimeter) we feel that you have now had sufficient time to locate the trouble and correct same. Therefore beginning with the first of September we will enforce the bacterial limit of 100,000 per cubic centimeter, and this notice is sent to you to give you an opportunity to take the proper precaution to see that all your milk, in future, complies with the law.

A simple matter to produce milk of low bacterial count is to keep the milk cool and prompt cooling below a temperature at all times, keeping below this temperature at all times, keeping a bacterial count below 25,000.

INVESTIGATING FIRE AT FREEMAN STORE

State Fire Marshal W. H. Joyner will make a thorough investigation of the fire which partially destroyed the combined store and residence of A. C. Freeman, 75 School street, at 3 o'clock Wednesday morning.

Freeman was recently arrested as the result of a petition circulated by residents in his neighborhood, requesting that he be forced to move. He was tried in police court, when Recorder Johnson stated that the people behind the petition were trying to "frame up" on him.

It is thought by the police that the fire may have been started by some of those enemies.

CONTINUED PLEASANT WEATHER FORECASTED

Although clouds gathered in the skies late yesterday afternoon, the forecast for today is fair weather with continued mild temperature.

Wednesday was pleasant from a standpoint of fairness and temperature. The line of autumn storms in the atmosphere, and in the mountainous northeastern portion of the state, unusually low temperatures are reported.

The maximum temperature Wednesday was 84, two degrees lower than Tuesday's maximum, while the minimum at 4 o'clock in the morning was 67 degrees.

MAN IS STRICKEN ON WHITEHALL ST.

An unknown man, about 50 years of age, is at Grady hospital from a stroke of apoplexy which he suffered on Whitehall street Wednesday morning.

The man was neatly dressed. He carried a card to the Atlanta Medical college, which could not, however, be traced by the authorities there.

PLANNING COMPROMISE IN PROHIBITION FIGHT

Antis May Agree to Inclusion
of Anti-Shipping Bill in
Extra Session.

An apparently authentic report comes today from parties close to Governor Harris that a compromise is being considered in connection with the call for the extraordinary session of the legislature, and the inclusion of the prohibition question.

The matter has given the governor no little worry. He is a prohibitionist himself, and would naturally be inclined to include the prohibition measures. At the same time he is also anxious about the state income and the prevention of deficit in the treasury.

Parties who are informed as to the activities of both sides state that the compromise now being considered is the inclusion of one of the prohibition bills; namely, the anti-shipping bill. This measure is designed to prevent the shipment of any liquors into the state for other than personal use.

It is said that if this compromise should be agreed upon, the governor would insist upon the legislature holding to it and if the measure should afterwards be amended so as to include other prohibition features he would probably veto it on the ground that the compromise agreement had been violated.

There has been no definite decision reached upon the subject, but this is the phase of the matter that is now being most prominently discussed.

THREE STILLS RAIDED BY FEDERAL AGENTS

Three stills and one prisoner bound over in the commissioner's court was the result of a series of raids by Deputy Collector A. C. Sowell during the last three days in Cobb and Harris counties.

In a cave on Swarts' mountain a large still was discovered. Melvin Hanes, farmer living near Woodstock, Cobb county, was bound over by United States Commissioner J. B. Gaston and his bond fixed at \$100. Upon oath of the father that his son, Albert, was a lawbreaker, the latter was allowed to go.

A layout with works measuring eight feet long, three feet wide and twenty-two inches deep was discovered on the estate of Mayor Johnson, of West Point, Ga. Deputy Sowell was aided in this raid by O. H. Florence, formerly sheriff of Troup county, and W. R. Fuller, a policeman. Five miles away on Gus Dorsett's place a still nearly as large as the one at West Point was destroyed. No arrests have been made in either case. Mr. Sowell reported to Collector Blacklock that four stills have been destroyed in this neighborhood since Christmas.

COLUMBUS RUNS FIRM DESPITE INJUNCTION

Columbus, Ga., August 25.—(Special.) Judge Gilbert, of Macon, Superior court today, prior Martin, prior prior of the Grand theater, to appear before him August 27 to show cause why he should not be punished for contempt of court in showing a picture at his theater despite a temporary injunction issued restraining him from exhibiting the film. Mr. Martin takes the position that he was an innocent purchaser of the picture and that the film company which furnished it is responsible.

PULLING TOGETHER

NOW: ALL TOGETHER!

A pull for Atlanta is a pull for yourself.

"Get together" is the city's slogan.

The old ATLANTA SPIRIT has awakened.

The uprising tide of prosperity means oblivion to the pessimist who gets in the way.

The glorious gale of the get-together-spirit has drowned the growl of the malcontent.

Atlanta has RESOLVED.

Civic bodies, political bodies, commercial bodies, religious, social, financial, one and all, collectively and singly, have passed harmony resolutions.

It is UNANIMOUS.

We are all together for ATLANTA, for GEORGIA, and for the SOUTH.

The old town is vibrant with new life.

The mighty voice of the ATLANTA SPIRIT has spoken.

NOW, let's get down to business.

With the vitalizing notes ringing in our ears and the tingle of the spirit in our blood, with the bad times back of us, and our differences forgotten, let us all give a long pull and a strong pull for BIGGER, BETTER and BUSIER ATLANTA.

There's lots of business in this great country of ours.

Is ATLANTA getting her part of it?

Are YOU getting YOUR part of it?

Are you telling the people of this section the good points about your business, or are you sitting silent, waiting for them to find you out?

DON'T FOOL YOURSELF.

The vast outside world will never know the GOOD there is in ATLANTA unless we advertise it.

The great public will never know the GOOD there is in YOUR business unless you advertise it.

Take the public into your confidence.

SHOW them your wares—let them see what you have to sell.

If they are not coming in to see your goods, send ILLUSTRATIONS of your goods out to them.

Make your advertising so attractive that the public will want to see the actual things you have for sale.

We KNOW how to ILLUSTRATE advertising.

With the best Artists in the south, we are prepared to illustrate any kind of publicity—newspapers, car cards, catalogs, booklets or magazines.

We can give you something ORIGINAL.

We can give you something TRUTHFUL.

We can give you CARTOONS.

In the hands of such a celebrated cartoonist as LEWIS GREGG, the CARTOON is a powerful medium.

If you are not entirely satisfied with the originality, appearance or pulling power of your present publicity, let us talk it over with you.

A consultation will not cost you anything. We know we can help you. Consult us today.
